The Rosemary

AS COMPLETELY charming, as piquant and as original as the Rosemary modes of past seasons have always proven, you'll find the ones now appearing still *fairer* to look upon, still *lovelier* to possess.

Model 122—This smart young person has every reason to look impudently sure of herself, and all her reasons lie in her frock of taffeta with its dainty touch of white in the organdie collar and cuffs, and the latest silhouette achieved by the cut-out loops at the top of the overskirt. Colors: black, brown, navy blue. $55.00

Model 123—Spring spells of all the nicest kinds were put into this airy frock of Nile green Georgette crepe, girdled with flowers and grosgrain ribbon to match and embroidered in silk the same color. The Mode's favorite lines were given its silhouette, sleeves and neck. All colors, including orchid, China blue, navy, brown. $55.00

Model 124—If one has an eye for lines, colors, smartness and becomingness, one whole-heartedly adopts this beaver brown Cantonette crepe frock trimmed with bands of metal thread embroidery, girdled softly with crepe caught at one side with a splash of bright fruit or flowers. Colors: navy, China blue, brown, pearl gray. $55.00

Why Do They Call Him

The Most Conscientious Man in America?

*"I appreciate tremendously your kindness * * * * * I never saw a nicer dog or one with a better disposition * * * * * You are the most conscientious man in America."*

(Copied from the mail lying on the Dog Man's desk this morning.—Ed.)

If you knew the Dog Man at Harper's Bazar you would know why they call him the most conscientious man in America. If you could hear him tell you of his 35 years' experience as breeder, exhibitor and judge of dogs, you would know why he picks good dogs with such invariable precision. If you contemplate the purchase of a dog, write him at Harper's Bazar, 119 West 40th Street, New York. You will find his aid—for which there is no charge—well worth your while.

The JORDAN Silhouette Brougham

THE new Silhouette Brougham is a five-passenger enciosed car with more room but more snug than any coupé—most convenient for a busy man or a woman who delights in personally driving a compact car.

Its most inviting interior provides comfortable intimacy and cleanliness with all the advantages of the electric without the limitations.

The light, aluminum body is virtually dust- and rattle-proof, with broad vision—yet it may be opened so as to be practically out-of-doors.

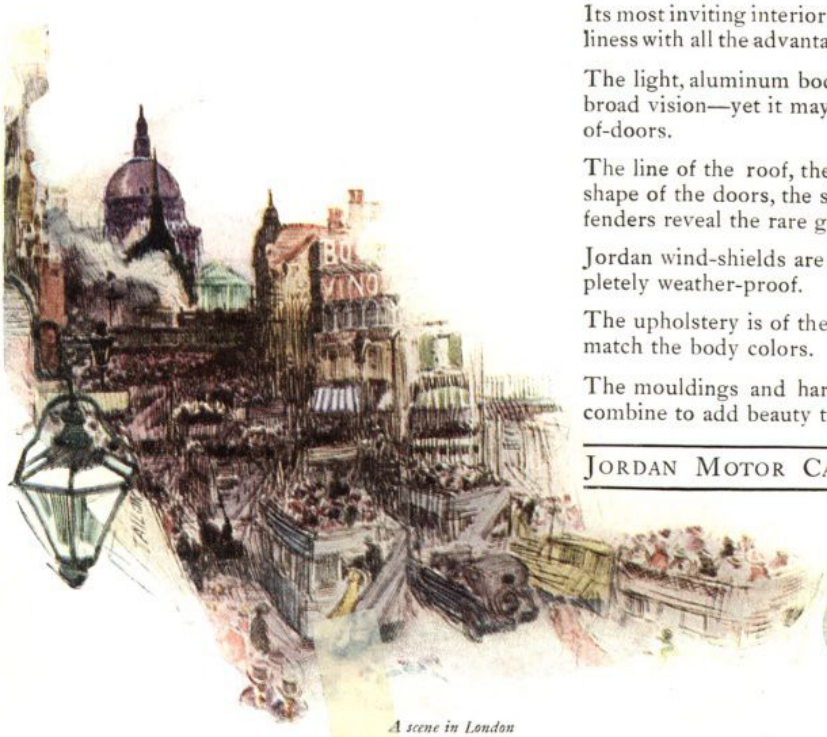

The line of the roof, the delicate angle of the rear quarter, the shape of the doors, the size of the windows and the curve of the fenders reveal the rare good taste of the custom body artisan.

Jordan wind-shields are sloping with a solid lower section completely weather-proof.

The upholstery is of the finest imported character in shades to match the body colors.

The mouldings and hardware in delicate and beautiful designs combine to add beauty to the Jordan models.

WILLYS KNIGHT

"Sleeve-Valve, the Motor that Improves with Use"

WHAT would you do in case of engine trouble?"

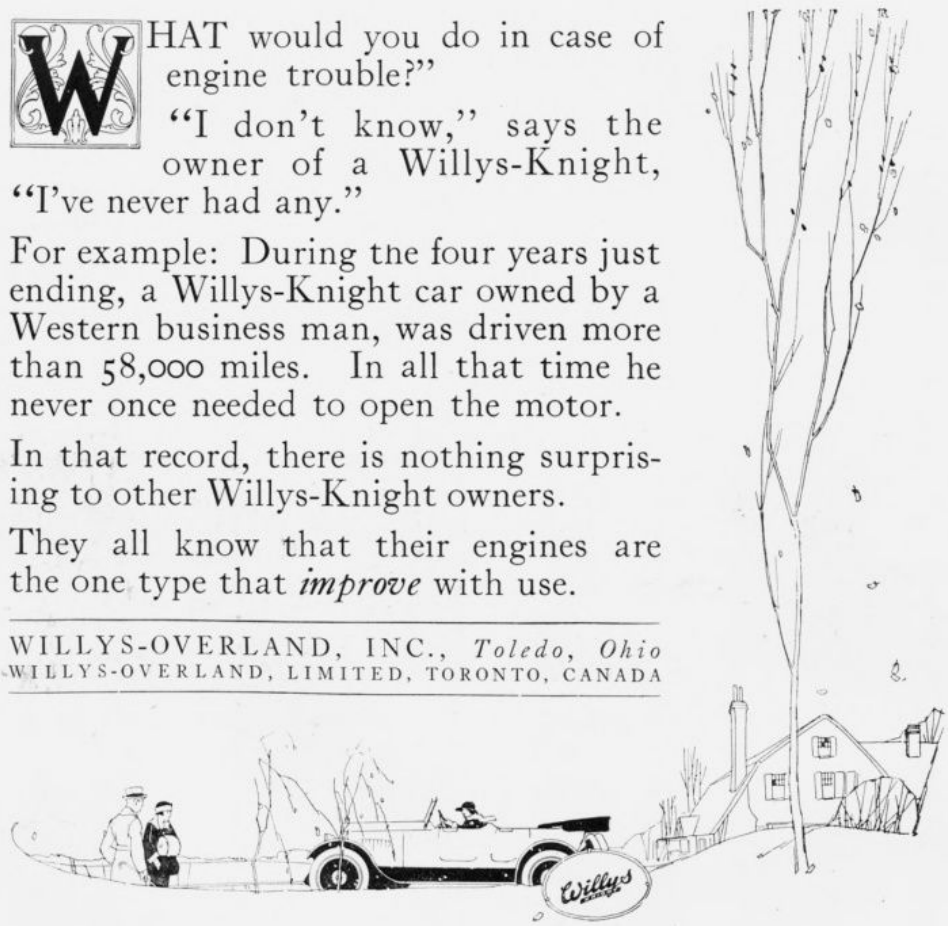

"I don't know," says the owner of a Willys-Knight, "I've never had any."

For example: During the four years just ending, a Willys-Knight car owned by a Western business man, was driven more than 58,000 miles. In all that time he never once needed to open the motor.

In that record, there is nothing surprising to other Willys-Knight owners.

They all know that their engines are the one type that *improve* with use.

My Hair Was Quite Gray

"It was falling out, getting brittle and stringy. My scalp was filled with dandruff and itched almost constantly.

"A few applications of Kolor-Bak produced a wonderful improvement. The itching stopped instantly. There was no more dandruff. And—marvel of marvels—it is now restored to its original color—not a gray hair shows anywhere!"

Kolor-Bak is not a dye or stain. It is colorless, stainless, harmless and restores original color to gray hair simply by putting hair and scalp in a healthy condition.

Send for our special trial offer; also Free Book on Hair which explains how Kolor-Bak restores gray hair to its original color.

Editorial Comment
Paris Herald

AT LUCILE'S.

The artistic spectacle which Lady Duff-Gordon presented before her fortunate guests yesterday will never be forgotten. To the captivating strains of an excellent orchestra in the charming hotel, 11 rue de Penthièvre, some delightful evening gowns, which reminded one of the fairy tales of "A Thousand and One Nights," were shown as were also some ravishing indoor dresses of exquisite taste. Some rather simple dresses and sporting garments added charm to the collection. Everyone agreed that the titled lady, who is so artistic in her tastes, has even gone one better than she did with her Victory collection.—*(Communicated.)*

"The most dangerous subject man could choose"—

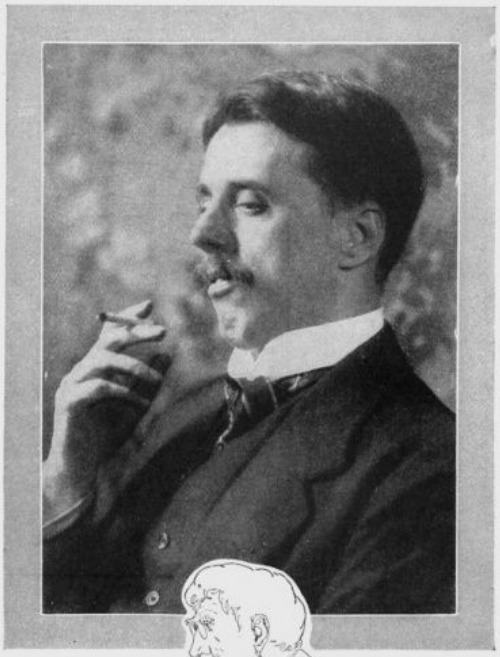

ARNOLD BENNETT

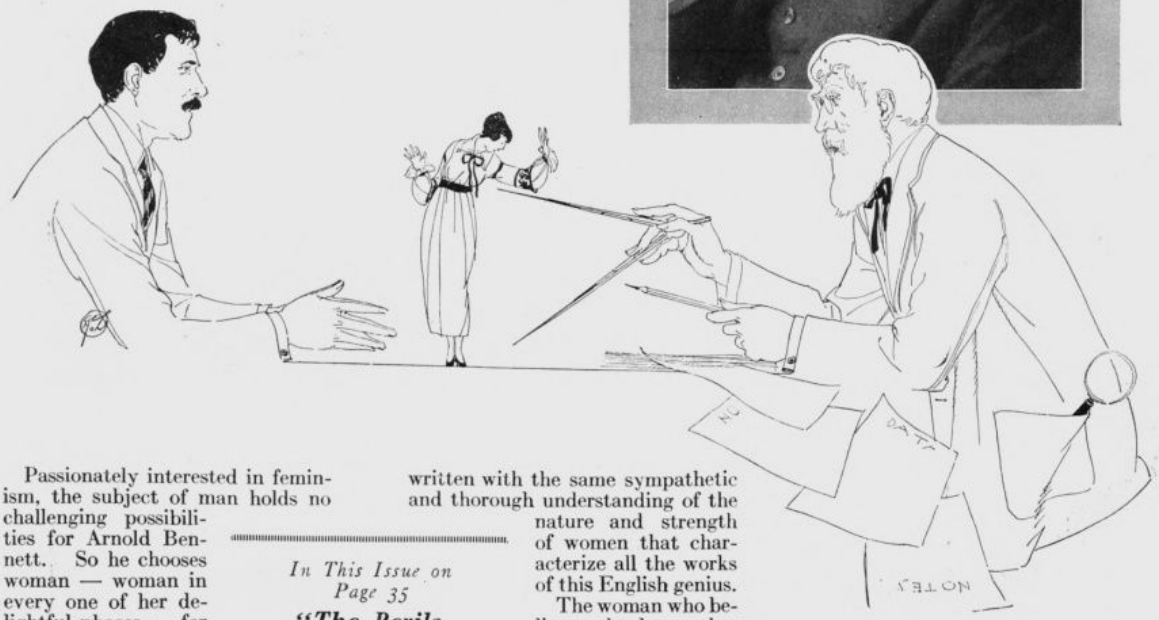

England's great thinker and distinguished author has written a series of fascinating

Essays on Women

Beginning in this issue of

HARPER'S BAZAR

Passionately interested in feminism, the subject of man holds no challenging possibilities for Arnold Bennett. So he chooses woman — woman in every one of her delightful phases — for the theme of these delightful essays.

"Every one," says Mr. Bennett, "has the stuff in him for one original work about woman." But we doubt that anyone can treat this all absorbing and perilous subject with the consummate skill of this expert analyst of feminine metaphysics.

Fascinating, absorbing and entertaining, all of these six articles are written with the same sympathetic and thorough understanding of the nature and strength of women that characterize all the works of this English genius.

The woman who believes she knows her own sex should read these articles. The serious minded woman interested in the economic progression of her sex will not want to miss them. Those seeking sheer entertainment will find them most delightful. And if you have a growing daughter you will find much that is worth more than a casual reading in this enchanting analysis of women of today and tomorrow.

PEERLESS

New in Appearance. Unchanged in its Distinctive Performance

For four years the distinctive fundamental characteristics of the Peerless Eight have remained unchanged.

During all that time, the now famous Two-Power Ranger has steadily grown in substantial public regard. It is today, as it has been for four years, the one car of absolutely distinctive performance.

With its "Loafing" Range for soft, smooth, economical operation in ordinary driving, and its "Sporting" Range for unusual power and speed when needed, it covers the extremes of both the gentle and the rugged virtues in one and the same car.

The Peerless retains its distinctive performance unchanged except for minor mechanical refinements.

The body lines are modified to give new expression to the Peerless ideal of substantial dignity and beauty of appearance.
